UNIVERSITÀ DEGLI STUDI
DI PERUGIA

Ph.D. in Biotechnology University of Perugia

Winter School on Biotechnology 8th edition

17-21 January 2022 Digital on-line edition

The School is made by lectures and open discussions tailored for a broad audience of PhD students and young researchers from university, research centers and industries who are entering the fascinating field of Biotechnology. This year, the School addresses the topic:

Complexity in Biotechnology

Pre-registration is mandatory at:
<http://www.dccb.unipg.it/wsb2022>
Info: dottorato.biotechnologie@unipg.it

Invited Speakers:

Prof. Florian Bauer – Stellenbosch University (ZA)
Prof. Karolien De Bosscher – Ghent University (BE)
Dr. Lia Chappel – Wellcome Sanger Institute (UK)
Dr. Martí Manyalich – Donation & Transplantation Institute Foundation (ES)
Prof.ssa Raffaella Molteni – University of Milan (IT)
Prof. Juan Perez-Mercader – Harvard University (USA)
Prof. Marco Moschini – University of Perugia (IT)
Prof. Isak Sakkie Pretorius – Macquarie University (AU)
Prof. Daniel Segrè – Boston University (USA)
Dr. Diego Sona – Italian Institute of Technology (IT)
Prof. Pasquale Stano – University of Salento (IT)

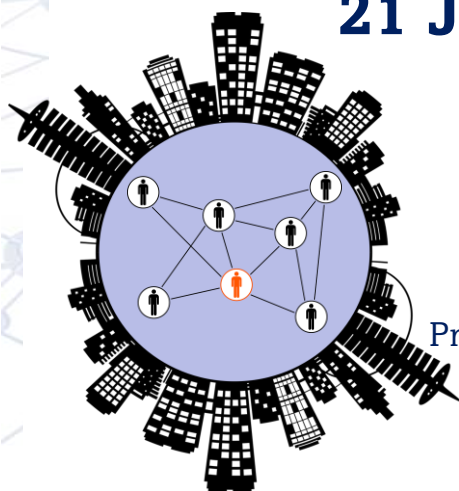

21 January 2022 15:30-18:30

Open day – Biotechnology and Society:
«La Complessità dalla fisica alla biologia»

Speakers:

Prof. Luca Gammaitoni – University of Perugia (IT)
Prof. Cornelius Gross – Interim Head of EMBL Rome (IT)
Prof. Fulvio Mavilio – University of Modena and Reggio Emilia (IT)

Chair: Prof. Pier Luigi Gentili – University of Perugia (IT)

Stefano Bruscoli
Gianluigi Cardinali
Fausto Elisei
Carla Emiliani

Organizing Committee:

Martina Alunni Cardinali
Stefano Bruscoli
Gianluigi Cardinali
Benedetta Carlotti
Laura Corte
Daniele Fioretto
Pier Luigi Gentili
Gabriele Magara
Sabata Martino
Assunta Morresi
Francesco Paolucci
Efisio Puxeddu
